

## RED STAIN WASH

### PRODUCT INFORMATION

#### Description/Application

Cleaning Trucks, Ute, 4WD and Motorbikes – Quickly and Easily  
 Red Stain Wash has been specially formulated to clean away red dirt, mud, diesel and road grime from your Truck, Ute, 4WD and Motorbikes. Red Stain Wash is a water-based detergent which is acid-free, perfect for vehicles with a multiple of surfaces from paint to plastic. So, say goodbye to all the different products you used to use to clean up, now you need only one.

#### Benefits

- Environmental and sustainable acid free solution.
- Can be used safely on many surfaces in and on your Truck, Ute, 4WD and Motorbikes.
- Removes red stain easily
- Economical to use once diluted for the correct use.
- Comes in different sizes.

#### Directions for use

For best results don't wash on a hot day in direct sunlight, and preferably a cool shaded spot.

Don't let the product dry on the surface and preferably do smaller sections at time. Before using the product check the manufacturers recommendations and carry out spot testing.

- Dilute as per recommended dilution rates on the label.
- Spray, brush or snow foam onto the surface being cleaned until its saturated.
- Agitate solution on the surface with brush, broom or microfibre cloth.
- Allow the dwell time of 2 to 5 minutes making sure the product does not dry out.
- Agitate again lightly.
- Rinse off thoroughly with hose or high- pressure washer until all the solution is removed from the surface and then dry.

For stubborn stains visit our website [www.outbackcleaningproducts.com.au](http://www.outbackcleaningproducts.com.au) for other cleaning methods.

Product is not recommended to be used on Composite Aluminium panels

#### Health & Safety

Prolonged use wear gloves. Avoid contact with eyes. First Aid: if swallowed, DO NOT induce vomiting. Give a glass of water and seek medical attention. Contact Poisons Information Centre

(Ph. 13 11 26 from anywhere in Australia) or contact doctor at once. If in eyes, hold eyelids apart and flush the eye continuously with running water. Continue flushing until advised to stop by the Poisons information Centre or a doctor. Or at least 15 minutes.

HAZARD STATEMENTS: H315 Causes skin irritation. H318 Causes serious eye irritation. H401 Toxic to aquatic life. Please see Safety data sheet for additional information\*
